Continuation of **MESSAGE OF HIS HOLINESS BENEDICT XVI FOR LENT 2010: Christ, the Justice of God.**

Conversion to Christ, believing in the Gospel, ultimately means this: to exit the illusion of self-sufficiency in order to discover and accept one's own need – the need of others and God, the need of His forgiveness and His friendship. So we understand how faith is altogether different from a natural, good-feeling, obvious fact: humility is required to accept that I need Another to free me from "what is mine," to give me gratuitously "what is His." This happens especially in the sacraments of Reconciliation and the Eucharist. Thanks to Christ's action, we may enter into the "greatest" justice, which is that of love (cf. Rm 13, 8-10), the justice that recognises itself in every case more a debtor than a creditor, because it has received more than could ever have been expected. Strengthened by this very experience, the Christian is moved to contribute to creating just societies, where all receive what is necessary to live according to the dignity proper to the human person and where justice is enlivened by love.

Dear brothers and sisters, Lent culminates in the Paschal Triduum, in which this year, too, we shall celebrate divine justice – the fullness of charity, gift, salvation. May this penitential season be for every Christian a time of authentic conversion and intense knowledge of the mystery of Christ, who came to fulfil every justice. With these sentiments, I cordially impart to all of you my Apostolic Blessing.
